AS TO ELECTION**

Prohibition Candidate in
Racine County Claims
a Seat in Assembly,
on a Technicality.

THE VOTE WAS TIED

Republican and Democratic
Candidates' Votes the
Same, Hence Fox-
well's Claim.

(Special To The Gazette.)
Madison, Wis., Dec. 2.—George H. Foxwell, the prohibition candidate at the November election for the assembly from the second district of Racine county this morning filed papers claiming the election on a technicality from his district on a technicality.

Based on the tie in the vote that was received by the democratic and republican candidates and he substantiated his claim by the election laws which is explicit as regards tie in votes in municipal election.

Will Be Decided
State Attorney Hicks has the matter under consideration. At present it has been decided that a second election was necessary and plans were being made to hold it some time this month to decide the question.

**MACARONI WORKS
AFTER LOCATION**

Eastern Capitalists Looking for Place
To Start a Branch, To Con-
sider Janesville.

An eastern company engaged in the manufacture of macaroni and looking for a western location are among the possibilities for Janesville. The company is one of the largest manufacturers of this product in the east and are anxious to establish a western branch. Members of the company have visited Cedar Rapids and other Iowa cities, looking for a location, one of the largest macaroni factories in the world being located in Dubuque. Janesville parties have laid before them the advantages offered by this city and Janesville's claims will be investigated before the company definitely decided on its location.

**GRECIAN MINISTRY
HAS STEPPED OUT**

Whole Cabinet Quits Because Several Were Not To Be Re-elected by Vote.

(Special By Scripps-McLae.)
Athens, Dec. 2.—All of the ministers of the Grecian cabinet have resigned owing to the fact that several failed at re-election recently.

The following clipping was taken from the Milwaukee Sentinel: Richmond, Ind., Dec. 1.—A branch house is to be opened here at once by the Hoffman Tobacco company of Janesville, Wis. The branch will be headed by a man for buying and it is understood that the quarters have been already secured. There is no such firm as the Hoffman Tobacco company doing business in this city. M. R. Hoffman of Marquette, Pa., represented here by J. L. & M. F. Greene is the only person of that name doing business in the leaf market in this city.

**BARRY JOHNSTON
KILLS MRS. HASSETT**

Jealousy Causes Actor to Destroy
Life of Leading Woman on Philadelphia Street.

Philadelphia, Dec. 2.—Barry Johnston, an actor known throughout the country, and who until recently played Cassius to Richard Mansfield's Brutus in "Julius Caesar," shot and killed Mrs. Kate Hassett, leading woman in Keith's Eighth Street Theater stock company, here. The tragedy was committed in the presence of a large crowd at Darlen and Wood streets. Johnston then attempted suicide and it is believed he cannot recover.

Five bullets were fired by Johnston at his victim. One pierced her left arm and the other went through her left breast, causing almost instant death. Then he shot himself through the breast, and the doctors, while saying the wound is not necessarily fatal, believe it is so.

Jealousy is the motive assigned to the tragedy. Both Johnston and Mrs. Hassett were married, but both lived apart from their respective spouses. Johnston had been paying considerable attention to her, but she had tried to avoid him. He came here from New York, but was unable to see her until after the theater. Then he followed her and shot without warning, preceding the deed with the words, bled into her ear, "You have been untrue to me."

After Second Trade.
Hamburg, Dec. 2.—A new consul general and two consuls will be shortly sent to Siam to push German trade with that country.

**SERVIAN THRONE
IS IN DANGER**

Heir Apparent Has Written Some
Very Compromising Letters
in the Past.

(Special By Scripps-McLae.)
Vienna, Dec. 2.—Some stolen love letters may cost Prince Mirko, second son of the reigning prince of Montenegro, his cherished ambition to ascend the Servian throne, for which, in the event of King Alexander, having no heir, he is a strong candidate.

Prior to Prince Mirko's marriage last July with Natalie Constantinovitch, daughter of the grand-uncle of King Alexander, he had a love affair with a Servian actress, and wrote her many letters containing criticisms on the policy of several European states. The czar and German emperor were especially hard hit, while the Servian people were slightly and scornfully referred to.

After his marriage Prince Mirko sent a trusted adjutant to buy the letters from the actress. She readily sold them, but the adjutant, who is a native of Serbia, sold them to the Servian government for a considerable sum, after having had printed copies made.

In the event of the Montenegro dynasty making any active move to acquire the Servian throne it is anticipated that the publication of the letters would alienate Prince Mirko's Servian friends and ruin his prospects of succeeding King Alexander.

HUNDREDS STARVE

The Soldiers Devise All Sorts
of Inventions to Kill
Christians and Mur-
der Infants.

(Special By Scripps-McLae.)
Vienna, Dec. 2.—Bulgarian papers today publish alarming stories of the atrocities of the Turkish troops and their treatment of the Macedonian Christians. The story is full of the awful crimes perpetrated by the soldiers.

Awful Treatment
Among the things that the soldiers do is to place red hot caps upon the heads of peasants slowly burning them to death. They pour burning oil on their feet and the fifty or sixty together and let them starve to death.

Nuns and Priests
In one instance the priest was forced to superintend the killing of infants and so maltreated that he went insane. They also outraged nuns and then tortured them. Many of them have fled to the mountains and are dying of hunger there.

(Special By Scripps-McLae.)
Washington, D. C., Dec. 2.—The weather bureau issued a special bulletin this afternoon forecasting a cold wave in the district west of the Mississippi tonight and tomorrow. In lake regions it will snow and will be colder Wednesday. In Central Valleys it will rain in south and snow in north.

**ELECTRIC LINE
AFTER AN OFFICE**

Are Trying to Secure the Store in
the Rear of Baker's Drug-
store.

In a short time the cars of the Janesville Street Railway will be running by power furnished by the Janesville Electric company. An agreement between the two companies was reached yesterday, and as soon as the necessary changes and connections can be made the cars will be running by power furnished by the electric company.

The electric company now has an abundance of water power to operate all its dynamos and will make it a feature of their business to furnish power for all sorts of enterprises. In case of the street railway company they can furnish the power at a much less cost than they can generate it and there will be no waste when the cars are not running.

**F. TRAUNFELDER
SEVERELY HURT**

He Falls from His Caboose, and
Tears the Ligaments of His
Left Ankle Loose.

Fred Traunfelder, a conductor in the employ of the Chicago, Milwaukee & St. Paul railroad met with an accident this morning in the St. Paul yards in this city that will lay him up for some time.

He went to step down from the caboose stops and caught his foot in such a way that it threw him to the ground and tore the ligaments around his left ankle loose, making an injury that will keep him in the house for three weeks or a month.

He was conveyed to his home on Terrace street and Dr. Joe Whiting, the company's surgeon called to attend him.

Fortune Left to Kaiser.
Frankfort, Dec. 2.—According to the Gazette Herr Wilhelm Hildebrand of Goerlitz, who last year presented the Kaiser with a villa in Tyrol, has left a will bequeathing his entire fortune valued at £75,000 in securities and £150,000 in cash to the emperor.

**NEW BUREAU AT
STATE CAPITAL**

Coming Legislature Will Have the
Benefit of a Complete Infor-
mation Department.

(Special To The Gazette.)
Madison, Wis., Dec. 2.—One advantage which no members of any previous legislature have had will be enjoyed by the solons who will assemble here the coming winter. This is the use of a bureau of information where they can find data on important matters which will come up, as mortgages and other taxation, primary elections, etc. The bureau was established some time ago and many of the members have already secured information from it which they find valuable in the preparation of bills.

The last legislature authorized the Wisconsin Free Library commission to establish a legislative reference room for the use of the members.

Chas. McCarthy, Ph. D., a trained student of political science and economics was engaged by the commission to take charge of the work. He has succeeded in gathering a large quantity of material relating to important matters to come up at the next session. Just after the election Mr. McCarthy sent a printed circular to all of the members offering to furnish data upon the following subjects:

1. Legislation upon any particular subject in any state during the last ten years.

2. Bills introduced, but not passed in different states.

3. A list of the best articles, reports, arguments, etc., relating to the matter.

4. Such abstracts of arguments, etc., as may be of use.

The work is entirely non-partisan and confidential. The experiment is the first of its kind in this country, and is being watched by scholars everywhere. In this manner a man can prepare his legislation before the bustle and hurry of the session, and can do this without a long trip to Madison.

In reply to the circular sent out, over fifty members have sent to the bureau for information on different subjects, and Mr. McCarthy is kept busy day and night in answering their requests.

It is a strange fact that while the different states have been working for years upon legislation, yet the members of one legislature do not know what is being done in the other states. This new bureau of information solves the difficulty. It is believed and should be a great factor in making Wisconsin's legislation more careful, systematic and intelligent.

**BLACK DIAMONDS
AT TEN DOLLARS**

A Reduction of Two Dollars a Ton
Made by Local Dealers
Yesterday.

A drop of \$2 a ton in the price of hard coal was announced yesterday by the local dealers and the black diamonds are now retailing for \$10 a ton. Quite a quantity of coal has been received by the local dealers during the last week and in consequence the price dropped a notch. While the price is still extremely high, a saving of \$2 a ton is quite an item and the consumers are thankful for any reduction. From the present outlook the price is liable to remain at \$10 for some time and quite a number of orders were taken at this price.

**ADMIRAL DEWEY
RESUMES SEA DUTY**

Hero of Manila Bay Sails to Take
Charge of Maneuvers in the
Caribbean Sea.

Washington, Dec. 2.—Admiral Dewey has resumed active sea duty for the first time since his return to the United States from his over-memorable cruise in Philippine waters. His four-starred pennant was hoisted on the president's yacht, Mayflower, at the Washington navy yard, and accompanied by the members of his staff, the admiral sailed away to assume direct command of the large fleet engaged in the maneuvers in the Caribbean sea. His staff includes Rear Admiral Taylor, chief of the bureau of navigation, chief of staff; Capt. Swift and Pillsbury, assistant chiefs of staff, and Commander Sargent, personal aid. The departure of the party was devoid of display, and the customary salute to the admiral was omitted at his request. The Mayflower will set her course direct for Culebra Island, off Porto Rico.

**TOWER MOVED

Placed Where First Located by the
St. Paul Company, West Side
of Academy Street.

After two weeks of wrangling in which time the Academy street watchman's tower has made four trips back and forth across the street it is back in the place selected for it by the St. Paul road on the west side of the street on their property.

The tower was first placed on this spot by the St. Paul company and moved back to the old place by the Northwestern company who were anxious to put it on the east side of the street in the center of the sidewalk.

At the last regular meeting of the council it was ordered removed from the street inside of three days. Superintendent Peachin came up from Chicago and tried to have the highway committee allow him to leave the tower on the east side of the street. Chairman Rice informed him that the city would not allow it to remain in the street and it would have to be moved. As the St. Paul location was the only one available the Northwestern crew moved it back into this place this morning.

R. H. Hanson of Beloit was a Janesville visitor last evening.

(Special By Scripps-McLae.)
Washington, D. C., Dec. 2.—In accordance with the request of the Taft commission and the Secretary of War Senator Lodge today introduced a bill making the tariff between the Philippines and the United States 25 per cent.

Great Reduction

This is a great reduction over the present rates as laid down by the Dingley tariff which is seventy-five per cent. on all goods. It is expected that this reduction will be passed without any opposition and little discussion.

Knox's Report

Attorney General Knox in his annual report to congress asks that a special building be built for a department of justice and strongly recommends that the salaries of this department be increased.

Washington, D. C., Dec. 2.—Notwithstanding the fact that the President's message was read today the galleries of the house were scarcely filled with spectators and many members were absent from their seats when Speaker Henderson called order.

Several new members of the lower house were sworn in and assigned to their seats. The committee appointments as far as made were announced and the President's message was presented and read to the house.

Now Senator Alger
Senator Alger of Michigan was sworn in to succeed Senator McMillan, deceased. The former Secretary of War was very much pleased with his reception by the senators.

The President's message in full is printed on pages three and seven of today's issue of the Gazette.

**TRAFFIC STOPPED
BY THE STRIKERS**

Marseilles Passengers Are Much Dis-
turbed by Industrial Trou-
bles in French City.

(Special By Scripps-McLae.)
Marseilles, Dec. 2.—The strike of stokers, sailors and others here is assuming gravity with the arrival of many more steamers. The sailors and stokers immediately leave their ships, preventing passengers from proceeding to their destination. The number of belated passengers at Marseilles now reaches 1,500. They have appointed committees to appeal to the prefect and the government for relief. Many of the passengers bound for Algiers and Tunis, are destitute. They are huddled in public places and efforts are being made to raise a public loan to assist them until they can be forwarded to their destination.

Paris, Dec. 2.—In reply to an interpellation in the chamber of deputies on the intentions of the government as to securing the transportation of passengers to and from Corsica, Minister of Commerce Trouillot said that the policy of the government in the matter of strikes was to maintain an attitude of neutrality toward both parties, to protect the workmen in the free exercise of their right to strike and also to enforce regularity in the public services. The postal service was already fully assured, and there was not a single mail bag now delayed but it was not possible to re-establish the passenger and freight traffic in the normal way.

PLANT TO ASSIST THE CITY'S POOR

ASSOCIATED CHARITIES ORGANIZE FOR WINTER'S WORK.

RUMMAGE SALES DENOUNCED

All Cases Will Be Investigated and Proved Worthy Before Assistance Is Given.

Several members of the Associated Charities met at the city hall yesterday afternoon to organize for the winter's work among the poor of the city. In the absence of the president, W. G. Palmer, Mrs. F. F. Stevens presided and the meeting was made strictly formal. Plans for the winter were discussed and it was decided to carry on the work in a quiet way as has been done for several years past.

The meetings of the Associated Charities will be held on the first and third Monday afternoons of each month at three o'clock. Inasmuch as it is one of the organized departments of city work, the use of one of the rooms in the city hall has been tendered as a meeting place but for the present the distribution of charity will take place from the office of S. B. Kenyon, the county postmaster.

Thanksgiving Offerings. Mrs. J. L. Ford, the secretary, announced that Mr. Palmer had received the offering taken at the union Thanksgiving service at the First M. E. church and that it amounted to something over \$11. He has also received a donation of nuts and candy from the children of the State School for the Blind and this Thanksgiving offering had been distributed in homes which seldom enjoy such treats. Heartily appreciation for both gifts was expressed and the organization was especially touched by the offering of the blind children. It meant personal sacrifice on the part of each one who saved a portion of his or her personal treat to give some less fortunate child a bit of Thanksgiving pleasure.

Annual Meeting. The next meeting will be held on Monday afternoon, Dec. 15, at which time the reports for the work of the past year will be received and the annual election of officers will take place. For several years the association has been served by W. G. Palmer as president and Mrs. J. L. Ford as secretary.

Rummage Sales Scored. In the course of yesterday afternoon's discussions, casual mention of the rummage sale brought forth an animated debate on the good and bad qualities of these popular money-making devices. It was the consensus of opinion that in so far as these sales enabled the poor people to provide for themselves at a low price, thus avoiding the necessity of accepting charity, they were a public benefit.

Churches Criticized. "There is only one way that I believe in rummage sales," said one woman, prominent in social circles as well as philanthropic work. "They should be conducted entirely for the benefit of the poor people and the proceeds should be devoted to the poor. I am strongly opposed to the sales when they are conducted for churches and societies as an easy way of making money."

This sentiment was endorsed by all the ladies present and the custom of holding rummage sales for the benefit of church treasuries was severely criticized, especially because the people dispose of all of their old clothing in this way and have none left for regular charity work. The point was also brought out that many of the patrons of the rummage sales are economical people in comfortable circumstances.

Those In Need. Several deserving cases where charity would be required during the coming winter were spoken of and the ladies spoke feelingly of the value of extending the charity tactfully. Especial emphasis was placed on the importance of adding people who are only temporarily in need and who only require a little assistance to put them on their feet. Friendly calls and words of sympathy in cases where actual charity would not be accepted were also spoken of as a part of the work of the association.

A Life of Usefulness. The Associated Charities was organized February 1, 1886 and for over fifteen years it has been one of the vital forces of the city life. So quietly has its work been done that few people realize how much good it has been the means of doing. Thousands of dollars have been expended for the relief

of the poor and a great amount of clothing has been distributed.

Cases Must Be Worthy. A distinctive feature of the work of the Associated Charities is personal investigation. Care is taken to see that cases reported are worthy ones before help is given. The association does not refuse assistance to a suffering family because of the worthlessness of the husband, and father but it is firm in the belief that promiscuous giving does far more harm than good.

Appeals For Help. The plan of the work for the coming year will be the same as in the past. Each ward is under the supervision of a vice president and an assistant and applications for help made to any of these ladies or to W. G. Palmer will receive immediate attention.

Mrs. E. D. Tallman is vice president of the first ward; the second ward is cared for by Mrs. O. F. Nowlan, vice president, and Mrs. H. A. Patterson; the third ward by Mrs. F. F. Stevens, vice president, Mrs. Mary Crosby and Mrs. C. S. Stratton; the fourth ward by Mrs. F. M. Marzluft, vice president, and Mrs. J. B. Hyzer; and the fifth ward by Mrs. George Devins, vice president and Mrs. John Baker.

Donations Requested. Owing to the high price of fuel and provisions it is expected that there will be greater need than usual for money. Clothing is always in demand, especially warm garments and shoes. Notice of donations will be gratefully received by W. G. Palmer at any time who will so that the clothing is called for. People are especially requested, however, not to send summer clothing or articles that have entirely outlived their usefulness as they are of no good to anyone and only make trouble for those who have charge of the distribution.

A CARD. We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Green's warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

SOCIAL COMMITTEE MAKES NEW PLANS

Two Men Will Be on Duty at Y. M. C. A. Building Each Evening to Entertain Visitors.

If the visitor at the Y. M. C. A. building does not enjoy himself it will not be the fault of the reception committee. Under the chairmanship of A. E. Matheson a system of welcoming all guests has been worked out which will leave no opportunity for inhospitality or lack of cordial greeting.

According to the plan, which goes into full effect this week for the first time, two members of the committee will be on duty at the association building each evening. Their duties will be to conduct the visitors through the building, if they wish to indulge in a game of checkers or any of the other parlor games, they will be introduced to men and the matches arranged. If their tastes lie toward the bowling alley, gymnasium, or handball courts, the proper steps will be taken to satisfy them in that direction.

To Welcome Guests. Or the visitors may simply be taken through the building as sightseers or perhaps be given a seat and a magazine in the reading rooms. The committee will do everything in their power to make visitors at home, and introduce them to congenial companions. In short they will try to make the association building a home for young men which it is intended to be.

Chairman Matheson and his committee have been busy during the past few months. They have secured the association building as the place of meeting of the two men's clubs of the city, the Twilight and the Social Union. They have made numerous other plans which have not yet matured.

Large Committee. As the list is now made out the committee consists of twelve men who will serve on the evenings named. Monday—E. M. Calkins, F. T. Richards; Tuesday—J. H. Jones, G. H. Rogers; Wednesday—M. Erickson, W. O. O. Wilcox; Thursday—R. Lee, A. E. Matheson; Friday—Charles Chase, M. Rasmussen, J. C. Staten; Saturday—C. D. Childs, Leonard Bastin.

CHARLES McLEAN TO BE PROMOTED

He Is Offered the Position of Route Agent at the First Vacancy.

Charles P. McLean, the American Express company's agent in this city, stands next in line for the position of route agent for the company. Some time ago Mr. McLean received a letter from the general superintendent asking him if he would like the position and informing him if so, he should have the next vacancy. Mr. McLean applied for the first vacancy on the Wisconsin division in hopes he might be able to retain his home in this city but will take the first vacancy that occurs in any of the divisions. There is nothing certain about when the change will be made, but it is likely to come soon after the first of the year.

Mr. McLean has been the agent for the company in this city for the last fifteen years and is a very popular young man. His many friends in this city will be pleased to hear of the promotion, but will regret sincerely his removal from the city if it becomes necessary.

County Treasurer Miles Rice was in the city a short time Monday. Mr. Rice has been confined to his home in Milton for a few days on account of a carbuncle on the back of his neck.

PATSY GRIFFIN'S TALK IS WILD

He Does Not Like His Latest Sentence Pronounced by Judge Fifield.

Patsy Griffin finished a ninety-day sentence as a common drunkard last week. Monday morning he was up again before Judge Fifield on a drunk and disorderly charge. He pleaded guilty and was given five days and a fine of \$10 and costs, or fifty-five additional days. After receiving his sentence "Patsy" broke loose with his tongue and for a minute the air was blue with profanity, and Chief Hogan and Judge Fifield came in for their share of abuse. "Patsy" said Chief Hogan was the whole thing, Judge, sheriff, lock-up-keeper and all. His attention was called to District Attorney Jackson, who was promptly told to go to the place that all Christians fight shy of.

MEDICAL PROGRAM IS NOW PREPARED

Second Monthly Meeting of the Rock County Medical Association Will Be Held Friday.

Dr. Pember, as leader of the December meeting of the Rock County Medical Association, has prepared his list of speakers for that occasion. If all reports are true they have made careful preparations for their parts in the program, and a successful meeting is assured. The date of the meeting is Friday evening.

The subject assigned is Diseases of the Ovary and Fallopian Tubes, following out the obstetrical discussion begun at the first meeting of the year. The following subtopics have been assigned.

Dr. Palmer—Cystic Diseases of the Ovary. Dr. Farnsworth—Inflammation of the Ovary with Abscess Formation. Dr. Fifield—Diseases of the Ovary not Requiring Surgical Interference. Dr. Sutherland—Conservative Treatment of the Ovary.

TOURNEY IS MORE THAN HALF ENDED

Last Round of Bowling Match Series Will Soon Begin—Low Scores Have Prevailed.

With Friday's game in the city bowling tourney the second round will be finished. One more round and the tournament will be brought to an end, the final contest occurring just before the holidays. The match to-night will be between the Belmonts and the Kings Pines.

So short a period has been given in which to complete the series that a team which is loser at the start has a poor show to work up, and there by the match is necessarily robbed of a part of its interest. But the play thus far has resulted as to make it fairly certain that there will be some moderately exciting contests toward the close.

So far as the scores have been concerned the games have been decidedly slow, giving up our idea of the individual merits of the players. For the number of patrons which the alleys have a creditable number of high scores are made each week. But none of these sky-mounting tallies are rolled in the matches, or at least infrequently is it the case that a player passes the double century point.

"GET ONE" CLUB HAS BEGUN WELL

Several Members Already Secured—Association Band Has Become Inactive For Lack of Players.

In the hall of the Y. M. C. A. building has been displayed a handsome framed list of the members of the "Get One" club. At the present time the enrollment consists of fifty-one men, and opposite each name is a space for the name of the new member who is to be secured. Each member of the club stands responsible for the proposed total membership of the club being one hundred. That will lead to an equal increase in the membership of the association. At the present time four new names are displayed in the column of recent additions to the roll of members. As the "Get One" club is a new organization these results are considered very creditable.

PATROL WAGON TO BE COMBINATION

Will Carry a Twenty-Gallon Fire Extinguisher, and Hose, Beside Present Equipment.

The fire police will have a new patrol wagon. This is pretty well settled, the committee having decided that it would cost so much to put the present wagon in first class shape that it would be economy to buy a new one. The new wagon will be an improvement over the present one as it will be in part a chemical engine. The present plan is to have the wagon so constructed that besides carrying the members of the company and the present apparatus, there will be a twenty-gallon extinguisher placed under the front seat and end of the wagon with the necessary hose to reach into any house that the wagon can be driven up to.

This will be a great help to the members of the fire police as often a larger extinguisher would subdue a fire that the small sized extinguisher only checks. In all parts the new wagon will be an improvement over the old one, the committee having the matter in charge knowing from practical experience where the changes should come.

ORGANIZATION WAS PERFECTED

SONS OF VETERANS WERE GIVEN THEIR CHARTER.

CIVIL WAR VETERANS PRESENT

Madison Officer Performed Ceremony of Installation—Large Number of Members Present.

Major William McKinley Camp, No. 11, Sons of Veterans, is now an established organization. In the Grand Army hall the charter was last evening presented to the applicants who some time since signed the petition that a charter be granted. The ceremonies of installation were performed by George Hastings of Madison, the mustering-in officer for this section of the state. The charter was granted at Sheboygan, the state headquarters.

About twenty-five sons of civil war veterans were present in the hall of John H. Sargent, East, No. 20. A number of the Veterans themselves were also present, among them those who were especially influential in fostering the idea of organizing such a camp. They were J. L. Bear, J. G. Wray, Fred Lee, and R. W. Scott.

Officers Chosen. The election of officers resulted as follows: Captain—Edward Buckley. First Lieutenant—Fred Viney. Second Lieutenant—Spencer H. Phelps.

Camp Council—James W. Scott, Geo. E. Tanberg and John Boyer. After some talk the name fixed upon for the camp was that of Major William McKinley Camp, No. 11. The meetings of the organization will be held on the first and third Thursdays of each month in the G. A. R. hall.

LIBRARY EXTERIOR NEARLY COMPLETED

As Soon as Tablets Have Been Carved All Will Be Done—Interior Is Progressing.

With the exception of carving the stone tablets, all of the exterior work on the library building has been completed. The men are in the city who will do the stone chiselling, and they will be put at work immediately. An opportunity is given for some artistic workmanship, and the men are said to be capable of it. Inside the structure everything is going on smoothly. There have been no serious delays. The floor in the basement is being put down at present, and in the rest of the building minor pieces of carpenter work are being done.

NO ONE KNOWS THE PLACE HE WENT TO

Joe Haimson, the Would-Be Suicide, Disappeared Without Leaving His Address Here.

No word has been received from Joe Haimson, the young man who attempted to commit suicide a week ago last night, since he left this city. After a day at the hospital he decided that he was ready to go, and started off, disregarding the doctor's advice that he stay a day longer. He went to the Smith Hotel and collected his belongings, and then departed. It is believed on Wednesday. Where he went is not known. At the time when he left the doctor pronounced him past danger from the effects of the iodine which he took into his system, although a longer period of medical treatment might have been to his advantage.

MUST GET SHAVED EARLY IN EVENING

Barbers' Union Decide That All Shops Should Close Their Doors at Eleven on Saturday.

Hereafter no Janesville man can get his Sunday shave after eleven o'clock on Saturday evening. Such was the dictum of the Barbers' union at their monthly meeting which was held last evening. The reason for this is based upon the fact that if the doors of the shops are kept open until midnight, the tonsorial artists will be forced to attend to the needs of several of their customers on Sunday morning. The new management will preclude the necessity of laboring on the Sabbath day. The new arrangement will go into force immediately in all union shops.

Officers for the coming year were also elected at the meeting last night. The former officers were re-elected without exception, W. P. Mason, continuing as president, E. P. Drake as secretary, and so on down the list.

WAS COMPELLED TO WALK THREE MILES

Charles Carlson Left His Horse Standing on River Street, and the Equine Moved on.

Charles Carlson was forced to foot it to his home about three miles up the river, last evening. He left his horse standing, untied, in front of Tom Siegel's on South River street, and then he returned to look for it, found that the animal had departed. After searching fruitlessly for some hours visiting among other places, the home of the former owner, Tim O'Rourke, in the chance that it might have gone to its old home, Mr. Carlson and a companion who had been with him toward the evening, set off afoot toward home.

HIS HIGHNESS; PILSEN'S PRINCE

Manager Savage to Present His Latest Production Here on December 10.

A new type of chorus man has been introduced by Henry W. Savage in the new opera the "Prince of Pilsen," by Pixley and Laders of "King Dodo" fame, which comes to the Myers Grand for a one night engagement on Dec. 10. The popular conception of the male member of a chorus is a ferocious looking young man, who struts about the stage with the lordly air of a bold pirate, beats his chest in the most dramatic sort of way and makes a pathetic attempt to sing. Mr. Savage's chorus men in the "Prince of Pilsen" are of a vastly different type. This fact is brought out with a particular force in the Heidelberg students, who are as shapely and clean cut a lot of young fellows as one could find anywhere. All of them are vocalists whose voices show the finish of careful tutorage and the numbers sung by them have proved delightful features of the opera wherever it has been given. The Heidelberg "Stein Song" is perhaps the most fascinating of these. The song of itself is a good one and as sung by Mr. Savage's chorus men proves the signal rounds of applause. Some idea of the sentiment imbedded in the words can be gained from the refrain which goes:

Here's to the land which gave me birth
Here's to the flag she flies;
Here's to her sons the best of earth,
Here's to her smiling shores;
Here's to the heart that beats for me,
True as the stars above;
Here's to the day when mine shall be,
Here's to the girl I love.

This song is introduced by Arthur Donaldson, the big, manly good-looking "Prince of Pilsen" and with the aid of the admirable male chorus he delivers it in a most fascinating manner. It seems indeed as though the new stein song is destined to become almost, if not quite, as popular as the original "It's always fair weather" chorus which has been sung and re-sung and replayed all over the world.

WISCONSIN WEATHER FORECAST
Rain tonight and Wednesday, possibly turning to snow; colder.

THE MESSAGE

The president's message, found on another page, will be read with interest by many people, who have been anxious to know what policy would be recommended in dealing with important questions.

The paper is clear in utterance, strong in character and vigorous in tone. While some portions of it may be criticized, the author will be given credit for honesty of purpose and strong and well defined convictions of what he believes to be right.

There is nothing radical about the suggestions offered, and people were impressed with the notion that the tariff and trusts would be subjected to severe criticism, and recommended for drastic treatment, will be disappointed.

The president has discovered, as does every other man who gives these questions intelligent and prejudiced thought, that the large combinations of capital, usually called trusts, are the product of prosperity, and that while some evils may be attendant, that the question of regulation, stands apart from tariff revision.

He has made another discovery, too, frequently overlooked by statesmen. That while the protective tariff fosters and encourages home industries, that it means vastly more to labor than it does to capital, and while he favors reciprocal trade relations under certain conditions, he advises careful and conservative action after thorough investigation.

He is sound on the question of a circulating medium, and while he offers no recommendations, except by inference, he says that the banks are the natural servants of commerce, and upon them should be placed the responsibility of supplying a flexible medium that shall meet demands. He believes that the government should go out of the banking business.

While he says nothing about organized labor, he expresses the conviction, that both capital and labor should be protected to invest in any market without restraint, so long as the rights of others are not infringed upon.

The message recommends a department of commerce, in the interests of both capital and labor, and congress will undoubtedly create the new cabinet position.

Reciprocity with Cuba is regarded as vital to the welfare of the island and of great importance to the interests of the United States.

The Isthmian canal is regarded as the greatest work of engineering ever attempted by any country and the value of the enterprise when completed, is beyond estimate.

The army and navy are commended for efficiency and both should be strengthened by liberal expenditure of money.

The president regards the work accomplished in the Philippine islands as worthy of the nation in point of progressive civilization.

He regards the establishment of the rural mail service, as in keeping with the progress of the age, and commends the postoffice department for efficiency.

The message contains enough in the way of practical suggestions to engage the attention of congress, and if some of the provisions are adopted and carried out the session will be productive of good results.

TERSE AND TO THE POINT
The following epigrams from the president's message, are characteristic of the man:

"This nation is seated as a continent flanked by two great oceans."

"Ours is not the creed of the weakling or coward; ours is the gospel of hope and of triumphant endeavor."

"No country has ever occupied a higher plane of material well-being than ours at the present moment."

"The plain people are better off than they have ever been."

"There are more deposits in the savings banks, more owners of farms, more well-paid wage-workers in this country now than ever before in our history."

"Corporations, and especially combinations of corporations, should be managed under public regulation."

"We draw the line against misconduct, not against wealth."

"The only relation of the tariff to big corporations as a whole is that the tariff makes manufactures profitable, and the tariff remedy proposed would be in effect simply to make manufactures unprofitable."

"To remove the tariff as a punitive measure directed against trusts would inevitably result in ruin to the weaker competitors who are struggling against them."

"The question of regulation of the trusts stands apart from the question of tariff revision."

"The well-being of the wage-worker, like the well-being of the tiller of the soil, should be treated as an essential in shaping our whole economic policy."

"Banks are the natural servants of commerce."

"Every employer, every wage-worker must be guaranteed his liberty and his right to do as he likes with his property or his labor so long as he

does not infringe upon the rights of others."

"All that we have to ask of any man, rich or poor, whatever his creed, his occupation, his birth-place, or his residence, is that he shall act well and honorably by his neighbor and by his country."

"We are neither for the rich man as such nor for the poor man as such; we are for the upright man, rich or poor."

"In battle the only shots that count are the shots that hit."

"A good navy is not a provocative of war. It is the surest guarantee of peace."

POST CHECK CURRENCY

Now that the election is over and the general results known, perhaps we can induce farmers to seriously consider some legislative measures to which we have tried to call attention several times recently. Farmers need two things badly. One is a safe, cheap and convenient method of sending money by mail. The money order system is safe enough, but it is neither cheap nor convenient. The "Post Check Currency" combines all three essentials. The bill now before both branches of congress provides that all \$1, \$2 and \$5 be hereafter printed with a blank space on them which any one can fill out in a moment, making it payable only to the person or firm to whom it is sent. A postage stamp is stuck on another blank space, and the bill can then be sent by mail. Fractional currency in denominations of 10, 25 and 50 cents is also provided for in the same way so that anyone, anywhere in the United States, can send any sum from ten cents up, without the trouble of getting or filling out a money order, registering a letter, etc., and at about half the expense. This is one thing the farmer needs and must have. Farmers can push this measure through at the coming short session if they will take hold in earnest. Write personal letters to your congressmen and senators. Send them petitions and resolutions, and when the bill comes up for consideration send them telegrams urging their support. Our readers can get full information as to this bill by writing to the Post Check Currency Bureau, 825 Vermont Ave., Washington, D. C. Write and ask for documents, and begin at once to agitate this question in social gatherings, farmers' clubs and institutes and the Grange. Post yourselves, and when anyone tells you the plan is not practical, as some of the bankers and financial authorities declared in congress last winter, tell them you know better, and that it is eminently practical, and that you know what farmers need in this way far better than any Wall-street banker does. Next week we shall urge the other measure referred to upon your attention.—Ohio Farmer.

THE ONE MILL TAX

The county board of Green county recently passed a resolution, requesting their representative in the legislature, to use all honorable means to have the school tax repealed. Every county in the state should do the same thing.

If there was ever a law placed upon the statute books that needed repealing, it is the one mill tax law. There would be just as much sense in providing one mill or a fraction of a mill for every department of state expense, as for the schools.

There is no reason why the schools, including the university and normals, should not be required to file a budget, the same as the executive, the charitable and penal, and every other department.

The people are willing to contribute by way of taxes, all the money that is necessary for legitimate expenses, but they have no right to be burdened, and that is exactly what happened to them when the schools were placed on a one mill tax basis.

The business of the state should be conducted in a business-like way. If there is any business about the one mill tax it has never come to the surface. It was a farce from the day of its inception, and it became an expensive burlesque when applied to last year's assessments.

The new legislature will do well to take hold of the one mill tax early in the session, and keep in sight until it is buried beyond recall.

BANK TAXES

The comptroller of the currency, William B. Ridgeley, makes the following report on bank taxes to the government:

"From 1863 to 1902 the banks have paid to the government, in tax on circulation, over \$90,000,000; on capital and deposits, from 1863 to 1883, nearly \$69,000,000; on capital and surplus, under the war revenue act of 1898, about \$7,000,000. In addition to these taxes, the banks paid over \$1,500,000 for the redemption of their circulation from 1874, the year the national bank redemption agency was established, to June 30, 1902, and from 1883 to 1902 about \$620,000 for plates from which circulating notes were printed, or an aggregate, approximately of \$171,000,000."

Under these conditions it is not at all surprising that the national banks are tardy in issuing large volumes of currency for the accommodation of the public.

It would seem that when the banks put up ample security, so that the government as well as the people, is amply protected, that they should be relieved of the tax or note issues. The banks laws are crude and behind the spirit of a progressive age.

Congress can afford to give the matter intelligent attention.

The number of national banks, according to the comptroller's report, has increased \$28 during the last fiscal year, while the capital of the association was only increased by about \$19,000,000. The volume of individual deposits, however, has increased from \$1,765,500,000 to \$3,209,275,000, or about 82 per cent. This speaks volumes for the prosperity of the country. The sun is still shining and it is good weather for haying.

The secretary of the war reports that during the fiscal year ending June 30, 1902, there were 124,542 applications for enlistment in the army. Of these 37,461 were accepted, and 87,081 rejected. Of the number accepted 32,249 were natives of the United States. The death rate in the army last year amounted to about 14 per cent.

Wabash, Indiana, down on the banks of that noted stream, has produced a dog that husks corn. He is said to be an expert and knows nothing about an eight-hour day. The farm hands in that vicinity are watching his maneuvers with a good deal of interest.

The flood of anti-trust bills that will flood congress at the present session will be proof that Wisconsin is not the only state whose representatives are seeking cheap notoriety. It is well for the nation that the chief executive possesses level headed common sense.

The modern rifle is capable of killing a man at several miles distance, or as far as the eye can distinguish him. This has made it necessary for the army to adopt an olive drab service uniform for self-protection.

American civilization, under the direction of the medical department, has practically driven yellow fever from the island of Cuba.

Young Reynolds of Indiana, the boy who gave his life in defense of his employers' property, was a twentieth century hero.

PRESS COMMENT

Milwaukee Journal: It will be noticed that Mr. Babcock is always specially prominent in talking tariff reform when congress is not in session.

Kaukauna Times: Wages go up to meet the cost of living and living goes up to meet the new wages. It looks like a continuous performance.

Waupun Leader: The result of the election shows that the fair-minded democrats were more in evidence than boiling stalwarts. This is on the principle that it is better to trust the frying pan than the fire box.

Milwaukee Free Press: A profitable justification of the railroads for charging more for carrying hard than soft coal is that while a ton of anthracite is not heavier than a ton of bituminous, a carload of it is, if the loads are the same size.

Richland Observer: Reports of accidental shooting in the northern woods have already begun to arrive. It is wonderful how many different things the human form looks like to a man with a gun.

Shawano Journal: Since the inauguration of republican prosperity there has been a cessation of the complaint that farming doesn't pay. Farming does pay today, and as the result farm lands in Wisconsin have greatly increased in value in the past four years.

Milwaukee News: From the crowd of hungry office-seekers that has besieged the governor's office it is suspected that the "reformers" have not been active solely from an unselfish desire to save the state from corruption tax-dodgers and "machine" control of government.

Winneconne Local: Those republican members of congress who previously to the late election were loudly preaching that the tariff should be reformed by its friends will probably not be allowed to forget that they and their party have been given another mighty good chance to do something about it.

Whitewater Register: The displeasure of our democratic friends over the declination of Congressman Babcock to be a candidate for the speakership of congress and the unanimous support of the Wisconsin delegation tendered to Cannon of Illinois, gives one reason to think it is a good thing for the republican party.

Eau Claire Telegram: Europe is complaining of an unusually cold winter, while strawberries and wild flowers are being picked in Wisconsin. The beauty of this late fall in the Badger state will long linger in the minds of our people. To the poor, the pleasant weather has been a God-send, in saving much suffering, which the scarcity and high price of fuel would have entailed.

Pond du Lac Commonwealth: The organization of the legislature will be effected with as much promptness as is usual when there is a contest for the various offices to be filled, and the election of Spooner is to follow at once. This is a wise decision, as total absence of opposition to the unconditional re-election of Spooner can not help having a wholesome influence on the other work of the session.

Marion Advertiser: John Strange of Oshkosh says a political promise is well-nigh worthless. The best policy for John to pursue the next time he gets ready to run for congress is to have a paid up agreement

for goods to be delivered on a certain date. If they are not delivered according to stipulation, see the culprit and recover your money. Make no deals with penniless politicians. They are not honest and have no influence. Money makes the mare go—don't forget that, John.

BASKET BALL NOW TAKES PRECEDENT

First Practice Was Held in High School Gymnasium Last Evening—Hope for Success.

The first basket ball practice of the season was held in the high school gymnasium last evening. Under the captaincy of Ed. Palmer, who was elected to that office at the close of last season, eleven men had donned their suits, and indulged in some vigorous work. A first and scrub team were chosen, and a game played, five men against six. The first team, composed of five men, won gracefully, the resultant score being eighteen to six, or thereabouts.

Good Number Out Under the name of the first team, the following men played: Palmer and Wilbur, guards; Bennett and Murdock, forwards; Kent, center.

Their opponents were Carle, Lovejoy, Waters, Smith, Dearborn, and Lee.

Prospects Favorable Every indication points toward a successful team this season. Most of the men, have been playing football and are already in the pink of condition. Besides, they have been playing an unusually good game and nothing is so successful as success. Then too, the loss by graduation last year was practically nothing, or at least not crippling. Although two games only were played with out of town teams last season those two were victories and proved that the boys could play basket ball if they were given the chance.

REV. BARRINGTON'S PAPER

Christ Church's Rector Delivers an Interesting Paper in Milwaukee Rev. Barrington returned from Milwaukee last night where he went to attend the meeting of the clerical society. Mr. Barrington read a paper at the meeting on the physical research of the Miracles. The meetings were held at the Hotel Pfister and were largely attended.

Firemen's Relief: The Janesville Firemen's Relief Association held a regular meeting last evening and among other things taken up was the question of the annual dance. It was decided to hold the party on the evening of December 24. Assembly hall has been engaged and Smith's orchestra will furnish the music.

The Firemen's Relief Association is a worthy organization. Its object being to look after the sick and disabled members of the department. No better use could be made of the money. The association has a snug balance in the treasury and hopes to augment it considerably with the proceeds of the party.

Two cases of drunk and disorderly were brought before Judge Fifield this morning by Chief Hogan. James Riley was sentenced to pay a fine of \$1 and costs, or to go to jail for ten days. T. O. Wee of Orfordville was given three days and a fine of \$2 and costs or three additional days. Both prisoners went to jail.

A Pleasant Birthday: Norman E. Hield entertained ten of his little friends last evening at the home of his parents, 232 Washington street in honor of his tenth birthday. Refreshments were served and all passed a jolly evening. Pretty souvenirs were left Master Hield to remind him of his tenth milestone.

Dr. Parker's Health Failing. The physicians of Dr. Joseph Parker, pastor of the City Temple, London, have ordered his entire abstinence from work for six months and his departure to a warm climate.

Monkey in Bed With Child.

On going to her room the other evening a Bristol woman was astonished to find a monkey in bed with her sleeping child. The animal, which had been brought home from South Africa by a soldier, had escaped from a neighboring public house, and, entering the room by the window, had got into the child's bed for the sake of warmth.

MEETING WAS A GREAT SUCCESS

NEARLY EIGHTY MEMBERS OF TWILIGHT CLUB ATTENDED.

MADISON CLUB ENTERTAINED

Judge Fifield Was Leader of an Unusually Successful Discussion on Municipal Government.

In every respect the Twilight Club's visit to Madison was an unqualified success. About seventy-five members of the club were the guests of the Six O'clock club at the Capital City. The supper being held at Keely's hall, the meeting was entirely in the charge of the Janesville organization, under the leadership of Judge Charles L. Fifield. The address, aside from the welcome, was given by Chief Justice Cassoday of Madison, were given by the Bower city business and professional men.

At 4:25 the Janesville delegation took the Milwaukee train, arriving at Madison in ample time for the supper. At about 6:15 guests and members of the entertaining body seated themselves. All arrangements for the comfort and enjoyment of the visitors had been carefully made, the supper preparations having been especially ably engineered.

An Efficient Leader
Judge Fifield responded happily to Judge Cassoday's cordial words of greeting and welcome, and thenceforth acted as master of ceremonies, and leader of the discussion. Each address blazed on the central topic of municipal government. Great pains in preparation was manifested by the logical questions advanced, and the smoothness with which the entire program was carried out bore eloquent testimony to the able leadership under which the topics had been assigned.

No deviation was made from the program as originally laid out. The names of the speakers and their topics follows:

Speakers and Subjects

The People's Representatives—Supt. A. J. Hutton.
Public Franchises—T. S. Nolan.
Schools and Libraries—A. E. Matheson.
Taxation and Revenue—T. O. Howe.
Attitude Toward Business Interests—E. C. Bailey.
Rings and Palls—W. F. Carlo.
Municipal Esthetics—Rev. R. C. Denison.

Several of the subjects elicited hearty discussion. T. S. Nolan's address on municipal ownership gave abundant opportunity for a vigorous expression of opinions. The theme in itself presented many points of interest, and among those present were several who were peculiarly fitted to develop certain phases of the problem.

Discussed Schools
A. E. Matheson, in treating of his topic, Schools and Libraries, dwelt upon several questions which brought forth an earnest debate. The subject of manual training versus book-learning came in for its share of discussion.

Several other topics were touched upon, in the course of the evening by members of the Six O'clock club. The discussion of the subject did not come to a close until nearly half past ten. The evening was brought to a close by W. A. Jackson, who, in behalf of the Twilight club extended a hearty invitation to the Madisonites to return the visit. It is believed that the invitation will be accepted.

PLANS DISCUSSED FOR LOCAL UNION

Members of the Executive Committee Feasted and Talked Together Last Night.

About twenty members of the executive committee of the Local Union of Christian Endeavor Societies and Epworth Leagues met together in the parlors of the First M. E. church last evening to plan for the coming winter. Following the custom which has proved so successful and pleasant for some time past, the young people enjoyed supper together before they began the discussion of business. The supper, which was an especially appetizing one, was served at 6:30 o'clock. Some time was devoted to talking over the work of the union. One of the definite decisions reached was to continue the plan of each society having one meeting every two months led by a representative from some other society. Plans will doubtless also be made for a union service during the month of January.

PLACING STRIKER IN NEW CLOCK

Work Has Begun of Changing the City Clock so That It May Be Heard as Well as Seen.

Walter J. Buckley, representing the Seth Thomas Clock company, started yesterday making the changes in the city hall clock necessary to install the bell and striker.

The front dial of the clock was taken out and the large bell that will announce the time will be raised up in the west side of the building and taken into the tower through the dial hole and placed in position.

It will take some time to make all the changes necessary to convert the clock into a striker, but when completed will be fully appreciated by the public.

Mrs. Edwin Dickinson has returned from Chicago where she has spent the past six weeks in a hospital for medical treatment. Under the care of the most able specialists there has been a great improvement in her condition. Her many friends hope for her speedy recovery but regret that she will again soon return to Chicago.

STUDENTS PLAN ELEGANT AFFAIR

SENIOR CLASS BANQUET ON NEXT FRIDAY EVENING

IN HONOR OF FOOTBALL TEAM

Arrangements Are Being Made on the Most Elaborate Scale—Some of the Details.

Arrangements have been nearly completed for the reception, banquet and dancing party which the members of the Senior Class are to give in honor of their football team. The event will take place on Friday evening of this week, December 5, at East Side Odd Fellows' hall.

All the preparations are being made on an elaborate scale and the party bids fair to eclipse any event ever given by High School students. Last year this class established a new record for well social functions when the football team was honored with a party similar to the one planned for this year. This year the class decided to outlive themselves and no matter what the outcome of the football season had been, Friday evening's banquet would have been a brilliant affair.

To Celebrate Victory
Additional reason for excellent all former events has been given by the winning of the Denison championship cup by the Senior team and the Senior class committees are more than ever determined not to be satisfied with anything but the best. This high ideal has characterized all of the details of arrangement, the class being especially fortunate in having secured several members whose perfect taste and artistic ideas have been invaluable.

Artistic Invitations
Even the invitations issued by the class are indicative of the elegance which is to characterize the entire affair. They are very neatly gotten up with Old English lettering in dull black. These to whom invitations have been issued are the members of the football team, the members of the High school faculty and the wives of the married gentlemen teachers, Rev. and Mrs. Robert C. Denison, Supt. and Mrs. H. C. Buel and Miss Dell Millette, clerk at the High school building.

An Elegant Spread
The invitations are issued for six o'clock and the guests will be received in the large dance hall. Upon their arrival they will be escorted to the dining hall on the lower floor where an elaborate banquet in five courses will be served by several young ladies and gentlemen from the Sophomore class, under the direction of Miss Libbie Trenwith.

Program of Toasts
The postprandial program will follow, Harold Hall presiding as toastmaster. Owing to the fact that Stow Lovejoy, president of the class, is a member of the football team and one of the guests of honor, the words of welcome will be spoken by Miss Irma Keller, the vice president. The response will be given by Miss Wilbur, captain of the football team.

Rev. Robert C. Denison has been asked to speak, choosing his own subject and Supt. Buel will respond to "Spelling Contests." William Morris, athletic coach, will toast, "The Seniors." Miss Josephine Fenton will respond to "The Senior Football Team" and Charles Galbraith to "The Senior Girls."

Elaborate Decorations
About one hundred covers will be laid for the banquet which will be followed by a dance, the orchestra from the State School for the Blind having been engaged to furnish the music. Both the dance hall and the banquet hall will be elaborately decorated in purple and white, the class colors. Hunting and the class banners will be used in profusion and besides the cut flowers there will be hundreds of purple and white paper chrysanthemums, in the making of which several members of the Senior class are spending all their leisure time.

Arrangement Committee
The general arrangement committee having charge of the affair is composed of Kramer Doty, Elisabeth McKey, Harold Hall, Harvey Doran and Josephine Fenton. This committee with Stow Lovejoy, the president will also serve as the reception committee. The sub-committee, on which some member of the general committee serves as chairman, are:

Other Committees
Banquet Committee—Elisabeth McKey, Alma Brickson, Irma Keller and Alice Harper.
Decorating Committee—Harold Hall, Clara Schumacher, Mary Roberts, Stow Lovejoy and Minnie Field.
Floral Committee—Josephine Fenton, Helen Estes, Laurence Doty and John Harlow.
Finance Committee—Harry Doran, Verne Murdock and Mame Curtess.

HANDSOME PICTURES

Mrs. Charles F. Niles of Menomonie, Wis., formerly Miss Mary McGowan of this city, sister of E. D. McGowan is the guest of her parents, Mr. and Mrs. J. O. McGowan, for a week. Mrs. Niles is a graduate of the Chicago Art Institute where she studied four years and graduated with high honors; she has also been a pupil of Frank B. Aulich, the famous Chicago painter. Mrs. Niles is talented and several of her water colors are to be seen in the show windows at the Art Institute for some time past and because of honorable mention were retained for exhibition purposes in the Institute. Mrs. Niles brought them away from the city only yesterday. One is a chrysanthemum subject in oil and the other a water color piece. Both show splendid artistic development.

PURCHASED WORK OF GIFTED ARTIST

Successful Sale Was Held by Florence Hart Miner at Home of G. M. McKey.

Florence Hart Miner, formerly of this city, but now of Madison, held a Christmas sale at the home of Mr. and Mrs. George M. McKey this morning. When the sale opened two large tables were filled with specimens of Miss Miner's artistic taste and handwork, executed largely in brass, wood, porcelain and lusters. Long before noon however, the most of the beautiful articles had found ready purchasers, the sale being a very gratifying success.

The sale was characterized by a delightful social atmosphere many of Miss Miner's friends being pleased at this opportunity of greeting her personally. At twelve o'clock Mrs. McKey entertained a small company of ladies of the neighborhood in honor of Miss Miner, to whom the luncheon was a complete surprise.

BOOK EXHIBIT IS HELD THIS WEEK

AN ATTRACTIVE DISPLAY IN THE CHILDREN'S LIBRARY.

BEAUTIFUL NEW BOOKS HERE

Parents Are Especially Invited To Visit the Library Afternoon or Evening.

One hundred and fifty new books for children have just been received at the public library and for the balance of the week a book exhibition will be the center of attraction in the children's room. None of the new books will be placed on the shelves for distribution until the public has had the opportunity of seeing the collection.

The exhibit will be under the personal supervision of Mrs. Minnie Menzies, the children's librarian, and her assistant, Miss Eloise Nowlan. A cordial invitation is extended to all interested people, especially to the parents of children. The exhibition will be open every afternoon and on Wednesday and Saturday evenings.

Books Are Fascinating
A similar exhibition was held last year and proved so interesting that it was deemed advisable to again give the parents the opportunity of seeing the kind of reading with which the city is providing the children. The new purchase includes some of the latest books for children as well as some of the best editions of the older and well-known juvenile books. The volumes are handsomely bound and many of them are beautifully illustrated, the collection being especially an attractive one.

Seasonable Suggestions
Incidentally, people who attend the exhibit may get some valuable suggestions for Christmas gifts. Many people desire to make presents of books to children but are not well enough informed to make a satisfactory selection. Doubtless they will find something to please them by looking over the exhibit and they will then know what books to order.

The attendance of parents at some time during the week is especially urged and will be regarded by those interested in the children's library as an evidence of their appreciation of the work that is being done for the children.

WHAT PEOPLE ARE DOING

Examinations Coming: High school students are beginning to grow anxious over the "exams" which will take place on next Thursday and Friday.

an employee of the Gazette company, was called to Cleveland yesterday afternoon by a message announcing the serious illness of his father.

Many Enjoyed Dance: The usual large number of dancers attended the social hop following Prof. Kehli's dancing academy last evening. Baldwin & Rehfeld furnished the music for the occasion.

Finish Cement Work: Blake Bros. have completed their cement contract for Brown & Connors and Edward Blake, who has had charge of the work, left for his home in Dubuque last evening.

Still Feel Sore: Members of the high school foot ball team still feel touchy over the Green Bay game on Thanksgiving day, and they have been unable to convince themselves that the resultant score expresses the standing of the teams.

Clearing The Tracks: A number of men were put to work yesterday by the Beloit, Delavan Lake & Janesville road clearing the dirt away from the rails preparatory to starting the cars. It is expected that the cars will be running into the city from Beloit some time during the week.

Fractured Her Wrist: Mrs. James Simpson residing at No. 10 Prairie avenue tripped on a rug in her home last evening and was thrown to the floor. In falling she struck on her right wrist in such a way as to fracture it at the wrist. Dr. Woods was called and cared for the injury.

Served the Luncheon: Mrs. Louise Bowerman went to Milton today to serve as caterer at the informal luncheon to be given in connection with the installation of President Deland of Milton college. The luncheon was served in reception style in the college chapel, beginning at 12:30 o'clock.

Farewell For Miss Holt: Members of the Laurean society were excused from their classes at the Janesville high school for a brief period yesterday afternoon in order that they might accompany Miss Harriette Holt to the depot when she left for her home in Iowa City. The Laurean society was organized under the direction of Miss Holt and she served the society as critic during the time that she was connected with the local high school.

The News From County Towns.

NORTH JOHNSTOWN
North Johnstown, Dec. 2.—Mr. and Mrs. Roy Cary and daughter spent Thanksgiving day with relatives in Janesville. Mrs. Cary and Gladys remained until Monday.

The next meeting of the W. C. T. U. will be held with Mrs. Lillie Aldrich, Thursday afternoon of next week. All members are requested to be present as business of importance will come before the meeting.

Edward Stevens and Miss Mac Morris ate their Thanksgiving dinner with Merton Saxen's family.

The cemetery lot front was graded preparatory for the new fence and hitching posts set Friday.

Mr. and Mrs. George Bennett and James Bennett and wife attended the marriage of Mrs. Margaret Bennett to Mr. Sanger at Janesville Friday.

We hope all who can will improve the opportunity to hear Mrs. Mabel Conklin of Brooklyn, N. Y., national lecturer of the W. C. T. U., at Milton I. O. G. T. hall, Wednesday and Thursday evenings of this week.

Mrs. Ruppnow is on the sick list and is not improving.

A company of over forty relatives, nearby neighbors and other invited guests assembled at the home of Mr. and Mrs. Henry Sperry Thursday to witness the marriage of their second daughter, Miss Jennie, to Arthur Caine of Calneville.

Promptly at twelve o'clock the strains of the wedding march pealed forth played by Miss Olive Sperry of Porter and soon the happy couple preceded by David Anderson of Magnolia as best man and followed by Miss Mabel Sperry, sister of the bride, as bridesmaid, and took their place under a pure white arch festooned with smilax and white caryophyllanthus.

Rev. M. Dowell of Williams Bay offered a prayer and Rev. Charles Burr, of Plano, Ill., in a few impressive words performed the ceremony that pronounced them husband and wife.

After hearty congratulations a bounteous repast was served. The bride is one of the most popular young ladies of this place where she has resided for a year and a half and the groom is a prosperous young farmer in the western part of the county.

They were the recipients of a large number of beautiful and useful presents. About four o'clock they took their departure amid a shower of rice and the best wishes of the company for the home of the groom's parents at Calneville where they are to reside.

Among those present from a distance was Mrs. Andrew Caine, mother of the groom, Warren and Floyd, brothers, and their wives, Mr. and Mrs. H. C. McCoy and Frank Chase of Magnolia, Mr. U. S. Chase of Oconto, Mrs. Cal. Broughton, Mr. and Mrs. Levi Sperry and daughter Cora of Evansville, Mr. and Mrs. John Sperry and daughter Olive and Fay and Hiram Sperry and wife of Porter, Jay Barnes of Union, Fred Morrison of Leyden and Miss Alice Clarke of Milton.

There will be a vacant place not only in the home circle where she will be greatly missed, but in the hearts of the people of the community. Our loss is Calneville's gain.

Mr. Kirkpatrick and wife of Stoughton spent Friday with Mrs. Gertrude Bartlett.

The sock social on Saturday evening was a success financially. The proceeds amounted to about \$12.

The gipsy camp was one of the principal attractions, and afforded considerable amusement, especially for the young people.

Nearly every one in town ate turkey with out-of-town relatives on Thanksgiving.

COUNTY LINE
County Line, Dec. 2.—Hugh Sweeney has sold his farm of 160 acres to Stoughton parties for \$100 per acre.

Several of the Line people attended the stocking social at Cooksville Saturday evening.

Mrs. Thos. Young is suffering from a paralytic stroke.

Miss Irene Ludden of Center was a pleasant caller Tuesday.

Mr. and Mrs. Wm. Schroeder and baby and Abbie McCarthy of Stoughton, C. M. Beros of Union Center, Wm. Chas. and Margaret McCarthy of Cooksville spent Thanksgiving with Mr. and Mrs. Judd McCarthy.

Dr. T. H. McCarthy of La Crosse, Jos. McCarthy of Janesville and Frank McCarthy of Madison ate Thanksgiving dinner at the parental home, Jas. McCarthy's.

MILTON
Milton, Dec. 2.—Thanksgiving day the college eleven won easily from the Beloit Union team on the home gridiron by the score of thirty-four to nothing. Milton won the toss and chose the south goal. Beloit kicked off and Milton by straight, hard end and line backs scored a touchdown in a few minutes of play. Place carrying the ball over on an end run, Platts kicked goal. Score 6 to 0.

Milton got the ball on the kick-off and advanced it towards Beloit's goal. The "terris-cross" was called and Blais took the oval thirty yards for the second touchdown. Platts

again kicked goal. Score 12 to 0. Beloit kicked to H. Stewart who made a good return. Milton by line backs and end runs advanced ball to Beloit's three-yard line when Platts took it over for a touchdown and kicked goal. Score 18 to 0. The same story and Platts secured another touchdown, but failed to kick goal. Score, Milton, 23; Beloit 0. The half closed with this play. Milton kicked off to Beloit in the second half. Beloit advanced the ball sixty yards by hard steady work, but lost it to Baker on a fumble. After steady gains through the line and around the ends Milton got twenty yards on the new "fake play" then advanced the ball steadily to Beloit's sixteen yard line where the latter got the ball on downs. Platts soon got the ball on downs. Beloit held and Platts tried a goal from the field but failed. Beloit kicked from the twenty-five yard line. Blais took the ball on a "double-pass" seventy yards for a touchdown. Platts kicked goal. Score, 29 to 0.

On the kick-off Milton made a good return. Blais got fifty yards and then thirty-five yards on the "double-pass" for the last touchdown. Platts failed to "heel" the punt so no goal was tried. Final score, Milton, 34; Beloit, 0. Soon after the kick-off Beloit held Milton for downs, and made some good line-backs before time was called. Milton won by better endurance, superior plays and team work. Beloit's individual playing was fine, but they lacked team work. Every man on Milton's team played himself proud, but Jackson deserves especial mention for his fine handling of the ball and his excellent running interference on the double-passes. Length of halves, 30 and 25 minutes.

President Booth C. Davis, of Alfred (N. Y.) university, preached at the Seventh-day Baptist church Saturday morning and President Richard C. Hughes, of Ripon college, Sunday at the Congregational church. These were preparatory services for the installation of President Daland.

Constipation Makes Bad Blood.

MULL'S GRAPE TONIC CURES CONSTIPATION

Constipation is the rotting and decaying of undigested food in the alimentary canal. Disease germs arise from this festering mass, which find their way into the blood. The blood becomes impure and shortly the entire system gives way to the unhealthy condition.

You cannot cure a case like this by taking pills or other common cathartics. A laxative will not do. A blood medicine is ineffective. Mull's Grape Tonic is a gentle and mild laxative in addition to being a blood-making and strengthening tonic, which immediately builds up the wasted body and makes rich, red blood that carries its health-giving strength to every tissue at every heart beat.

Mull's Grape Tonic is made of pure crushed fruit juices and is sold under a positive guarantee.

Doctors prescribe it. All druggists sell it at 50 cents a bottle. Send 10c to Lippincott Medicine Co., Rock Island, Ill., to cover postage on large sample bottle.
